

## Tyrkys bolero

pattern has been published in Diana - crochet fashion number 18. Published pattern needs a few experience with crocheting, so I decided to make this bolero for myself and make photo instruction. There you can see how to make V necklace on front side.

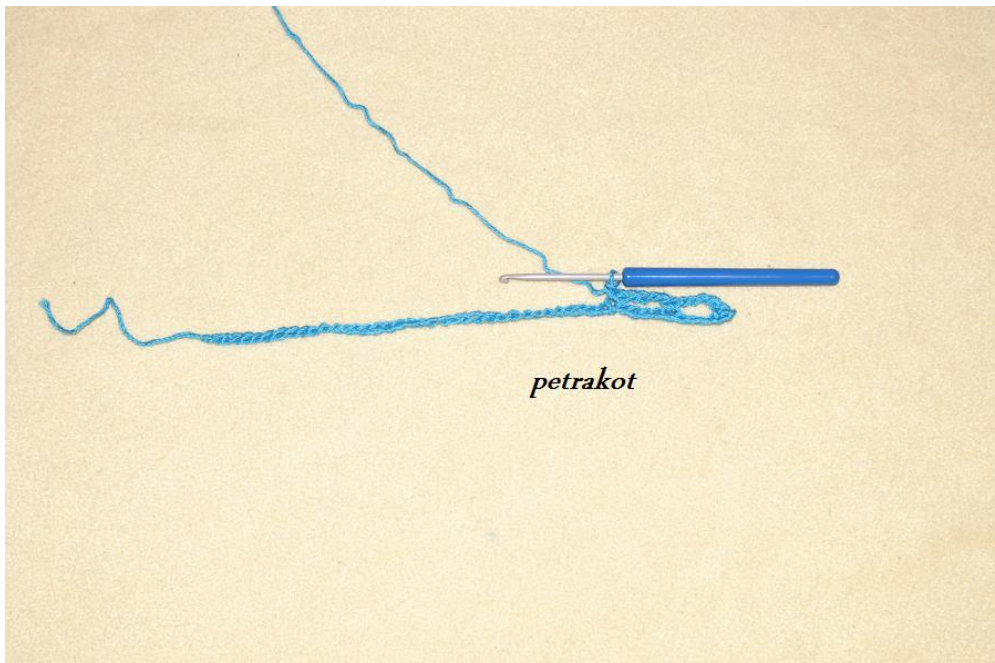

Material: 25dkg Simplicity company Toptex /Czech production/, 100% cotton 50gr cca 125m. I used all material so probably would be better use 30dkg for

size 36-38.

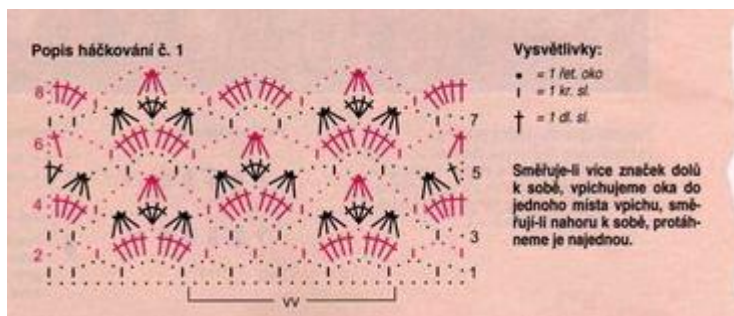

Instruction:

front side: start with 43 chain

Continue with pattern below: start with stitch before VV, end after VV.

I - single crochet

t - double crochet
